For Immediate Release- April 21, 2016

**Realtors® Sponsor Local School Competition**

As part of its ongoing community service initiatives, the Suburban West Realtors® Association is proud to continue its long and fruitful partnership with local schools. The Association recently sponsored an event that promotes academic excellence on the Main Line: the interscholastic ***It's Mathematical Competition.***

The It's Mathematical Competition presents academically gifted students from Conestoga, Lower Merion, Marple-Newtown and Radnor school districts and Delaware County Christian School an opportunity to compete six times a year in a college-bowl style tournament. The tournament culminates in the presentation of trophies sponsored by the Suburban West Realtors® Association. The 2015-2016 finals were held April 7th at Conestoga High School with Conestoga finishing in first place. Lower Merion placed second in the competition while Radnor finished in third place. Member volunteer Stephen D'Antonio, chairman-elect of Suburban West Realtors® Association and a Realtor® with the Media office of Berkshire Hathaway HomeServices Fox & Roach Realtors®, represented the Association at the event and presented the trophies to the participants.

The Suburban West Realtors® Association is the largest local Realtor® organization in Pennsylvania. The Association is committed to enhancing professionalism amongst the real estate profession; ensuring that its members conduct business with integrity and provide superior service to the public.
